PROJECT AIM

The project aims to develop the media literacy of university staff and students to foster a culture of respectful scientific dialogue within the university and civil society, resulting in a code of respectful dialogue in university and (social) media for all university stakeholders. In addition, the project aims to build a knowledge partnership between universities and civil society for respectful societal dialogue.

TARGET GROUPS

University teaching and non teaching staff, students, civil society, policymakers

PROJECT RESULTS

1. Matrix of Media Competences and Respectful Communication
2. Multimedia Modules on Media Competences and Respectful Communication for university staff, students, civil society
3. Learning Platform (open access) – 10 online courses/modules
